

Steps – 1 : Create models using following commands :

```
Php artisan make:model ceh –mcr
```

```
Php artisan make:model Csa –mcr
```

Step – 2: Create a folder “ceh” and “csa” inside directory :

“C:\laravel\training\resources\views\frontEnd”

Step-3 : index.blade.php file is created in both folder “ceh” and “csa” .

Codes for folder index.blade.php file :
